

COURTMARTIAL IS IN SESSION AGAIN

Demange Asks for an Adjournment.

REQUEST OPPOSED AND COURT REFUSED IT.

M. Lebon, Minister of Colonies During a Greater Part of the Time Dreyfus Was Imprisoned, Testifies—Says No Needless Severity Was Shown Prisoner—Ended with a String of Excuses and Tame Apologies—Accused Refused to Have Anything to Say to a Man Who Helped to Make His Sufferings Agonizing and Barbarous—Labori Continues to Improve.

Rennes, Aug. 16.—[Special]—Labori continues to improve. He passed a quiet night and his symptoms are more favorable this morning.

Rennes, Aug. 16.—[Special]—At the opening of the Dreyfus courtmartial this morning Demange, the counsel for Dreyfus, asked for an adjournment until Monday, on account of the absence of Labori. Carrière, the judge advocate, opposed the request and the court unanimously refused it.

Senator Guérin was the first witness. His testimony was the same as that before the court of cassation.

The next witness was M. Lebon, minister of colonies during the greater part of the time Dreyfus was on Devil's Island. Lebon had been accused as being responsible for the regime of torture which the prisoner was subjected to. Lebon testified that no needless severity was shown Dreyfus.

Lame Apologies to Dreyfus—Lebon's testimony ended in a string of excuses and lame apologies to Dreyfus.

When he had concluded, the prisoner was asked if he wished to interrogate the witness. "I have nothing to say," he replied, "to a man who for five years helped to make my sufferings agonizing and barbarous. I am not here to complain, but to defend my honor."

The recorder of the court then read from the government, a report on the prisoner while at Devil's Island. He quoted heartrending appeals and complaints made by Dreyfus because he had received no letters from his wife or word from his children. He also read details of the prisoner's illness and sufferings.

Not a Dry Eye in the Crowd—When he concluded there were but few dry eyes in the court.

Dreyfus listened throughout, with a drawn face, while Lebon's face was a study in uneasiness as the recorder read. The widow of Col. Henry was the next witness, but her testimony was brief and contained no revelations. She said that her husband committed the forgery to save the army from disgrace and was threatened to it by Picquart.

Gen. Roguet testified. He insisted that Dreyfus and not Esterhazy wrote the bordereau.

The court then adjourned until tomorrow.

Du Paty de Clam is Disgusted—Paris, Aug. 16.—[Special]—The Latere is authorized to say that Du Paty de Clam is anxious to declare everything he knows regarding the Dreyfus case.

He is completely disgusted, it is said, with the treatment by his former army associates.

BLOODSHED OVER DREYFUS AFFAIR.

High Feeling in Paris Culminates in Shooting Affray.

Paris, Aug. 16.—As an anti-Semite group was standing at the corner of the Faubourg St. Denis and the Rue de Valenciennes Tuesday evening some passers-by were greeted with cries of "Down with the Jews," whereupon they were surrounded and threatened by the demonstrators.

A supposed anarchist then fired several revolver shots, wounding three men. One of them, a man named Camille, was taken to a hospital seriously wounded. The alleged anarchist was arrested.

The Paris Matin makes the announcement that M. Labori, after he was shot, declared that, as the outcome of his injury appeared doubtful, he wished to make known the fact that M. Chamoin, who has charge of the secret documents in the Dreyfus case, has discovered a new forgery in the dossier.

The anarchist organ, Le Journal du Peuple, says that in retaliation for the outrage upon M. Labori the anarchists will hold Gen. Mercier and MM. Drumont, Rochefort and Judet as hostages and personally responsible for anything done against the anarchists.

Assassin Not Yet Arrested.

Rennes, Aug. 16.—There was no session of the council of war Tuesday on account of the national holiday for the feast of the Assumption.

Wild rumors are afloat concerning the attempted assassination of M. Labori. It is stated that the assassin is not of the nationalist group, but a man belonging to the police force, who acted with the complicity of his superiors and wounded Dreyfus' defender in order to bring pressure to bear in favor of the prisoner and to create animosity against the nationalists.

It is an extraordinary fact that the assassin is not yet found in spite of its being known in what direction he took flight and is pursued by the mounted police and troops.

Hopeful of Labori's Recovery.

Rennes, Aug. 16.—At 8 o'clock last evening M. Labori was removed in an ambulance to the residence of Prof. Basch, in a suburb of Rennes. He stood the journey well, although naturally fatigued. The doctors are extremely hopeful of a speedy recovery, but consider it would be unwise for him to return to court until there is absolutely no danger of a relapse.

Capt. Dreyfus, and his friends are glad to learn that the doctors hope that Labori will be well enough Monday to appear in court.

EPIDEMIC AT HAVANA

Owing to the Fear of Yellow Fever All the Marines Will Be Sent North.

Havana, Aug. 16.—[Special]—Owing to the fear of a severe epidemic of yellow fever all the marines at Havana will be sent north on the first ship. Four new cases of fever were reported this morning.

Weather Bureau Says Hurricane Has Evidently Passed Out to Sea.

Washington, Aug. 16.—[Special]—The weather bureau today says the hurricane has evidently passed out to sea.

UPHOLDS ISSUES OF 1896.

William J. Bryan Says Chicago Platform Is for All Time.

Des Moines, Iowa, Aug. 16.—Tuesday afternoon the members of the democratic state central committee held a consultation with Mr. Bryan, at which a draft of the platform, which it is proposed to adopt today, was carefully considered. Mr. Bryan listened to the suggestions made and said that he had not come to Iowa to write the platform for the party. If the democrats of Iowa endorsed the Chicago platform he was satisfied, and if other issues needed attention they could be added.

Later on the chairman of the various county central committees were called together and listened to an outline of their duties by Mr. Bryan. He told them they must organize for the fight of their lives this fall.

Mr. Bryan's first speech at night was made to an audience of 5,000 people at the new auditorium.

In reference to the Chicago platform he said: "That platform was not made for a temporary expedient. It applied to the problems before the country. The republican party has not solved a single problem which was placed before it in '96. I believe every plank in the Chicago platform was right then and that every plank is right now, and will be right in 1900."

The speaker declared that he was in favor of the income tax and that the republican party opposed it.

"It has been claimed," said Mr. Bryan, "that the states should extinguish the trusts. They won't do so as long as the states bid for the dishonor of being the spawning ground of the trusts. The federal government, and the federal government alone, can extinguish the trusts, because it alone can lay its hands upon the states and compel them to enforce the laws."

The promised advantages of American rule to the Philippines were characterized as untrue, and as an illustration the speaker said that after 150 years in India Great Britain had not civilized, christianized, or educated the natives of India.

To Discuss City Ownership.

New York, Aug. 16.—Arrangements have been completed for a comprehensive discussion of the municipal ownership question, to occupy an entire day of the convention of the League of American Municipalities, to be held at Syracuse, Sept. 19 to 22. The affirmative side of the question is to be presented by Mayor Henry V. Johnson of Denver, Mayor Gustav Tafel of Cincinnati, Mayor Frank F. Pierce of Marshalltown, Iowa, and Mayor J. R. Robinson of Colorado Springs, Colo. Papers on the negative side will be read by Robert P. Porter, M. A. G. Munder, former director of public works at Columbus, Ohio, and others.

Dewey Quits Leghorn Monday.

Leghorn, Aug. 16.—The Olympia, with Admiral Dewey on board, will leave on Monday evening next and will arrive at Nice on Tuesday morning. Admiral Dewey is still indisposed. Various officials visited the Olympia Tuesday.

ENGLAND PREPARES FOR IMMEDIATE WAR

PREPARATIONS FOR WAR WITH TRANSVAAL CONTINUE.

War Department Office Has Completed Plans for Sending Twenty Thousand Men to South Africa in a Week—War Correspondents Getting Ready To Go.

London, Aug. 16.—[Special]—Preparations for war with Transvaal continue. It was stated today that the war office had completed plans for sending twenty thousand men to South Africa in a week.

The war correspondents here are busy getting ready to go to South Africa.

Rennes, Aug. 16.—[Special]—Several English correspondents have been ordered to proceed to South Africa forthwith in expectation of war between England and Transvaal.

Pretoria, South Africa, via Charles-town, Natal, Aug. 16.—The capital of the South African Republic is in a ferment, owing to the movements of British troops along the frontier. The British, it is reported, are now occupying a most valuable strategic position near Majuba mountain, in the Drakensberg range, on the frontier of Natal, where her majesty's troops met decisive defeat in 1881, and strong forces are also being distributed, it is said, along the road that leads from Mafeking, on the Transvaal's western boundary, into British Bechuanaland. "The policy of the Transvaal Republic," said Gen. Joubert, the commander of the Boers' forces, "will be strictly defensive. Not a shot will be fired until a British invading force enters the republic."

Equally important with the news of British activity is the development as to the part the Orange Free State will take in the struggle, if a struggle comes. The Free State is guarding the passes on its frontier and otherwise gives indications that it will co-operate with the Transvaal.

Great efforts are making to prevail on the Boers to accept Mr. Chamberlain's joint-commission proposal, which, it is believed, if it is adopted, will insure a peaceful settlement of the difficulty.

Think the Situation Critical.

Washington, Aug. 16.—The situation in the Transvaal is regarded by officials here as critical, but there is no disposition to take up questions of neutrality and the care of our interests in that locality unless the war issue is actually framed. Charles Macrum is the United States consul at Pretoria. He has not touched on the delicate political conditions existing in his reports.

Admiral Howison's return will probably shed much light on the condition of affairs in the Boer country and the extent of American interests, for while the Chicago was in South African waters the admiral spent much time at Pretoria and Johannesburg.

Distribute Mauser Rifles.

Pretoria, Aug. 16.—The executive council concluded its session Tuesday, when orders were issued to the field cornets to give out Mauser rifles in exchange for Martini-Henry rifles. A great crowd gathered to receive the arms.

The possibility of war with Great Britain is about the only subject discussed, and it is generally felt the burghers should be consulted before extreme measures are adopted.

The Transvaal government is purchasing all the mules possible, paying as high as £20 for each animal.

No Reply from the Boers.

Cape Town, Aug. 16.—No reply has been received here up to the present from the Transvaal government, on the subject of the latest British proposals for a peaceable settlement of the questions in dispute, and a dispatch from Pretoria says the reply when sent will be disappointing and that it is feared the result will be the breaking off of negotiations. Great anxiety prevails at the capital of the Transvaal.

British General Recalled.

London, Aug. 16.—Major-Gen. Sir William Francis Butler, who, it was announced in a dispatch from Cape Town, would be relieved as commander of the British troops in South Africa, as a result of his alleged Boer sympathies, has been recalled, and Sir Frederick Walker has been appointed to replace him.

Demand Removal of Evans.

Topeka, Kan., Aug. 16.—A protest against the retention of Commissioner Evans at the head of the pension bureau has been numerous signed here and will be sent to President McKinley at Plattsburg, N. Y. The protest is in the nature of a demand for Evans' removal. The protest is supplemented with similar demands from old soldiers throughout Kansas, including that of the commander-in-chief of the Kansas Grand Army, C. H. Coulter. It recites that Mr. Evans' administration of the pension bureau is not in the interest of the veterans of the civil war.

"Every human eye has a blind spot in it," said the scientific boarder. "I wonder," asked the savage bachelor, "if that accounts for matrimony."—Indianapolis Journal.

MARINETTE WOMAN AGAIN IN TROUBLE

MRS. M'DOUGAL SAID TO HAVE SHOT ILLINOIS GIRL.

Strange Case of Rudolph Neubauer of Madison, Who Is Living with His Neck Broken—Boyd Woman Burned to Death—Dies in Great Agony—State News.

Marinette, Wis., Aug. 16.—Word has been received in this city that Mrs. Kate McDougal, who shot and killed her husband at Marinette in 1896 and was convicted Jan. 28, 1897, of manslaughter and sentenced to two years in Waupun, recently shot a Marinette girl friend of hers who was living with here in an Illinois town.

Mrs. McDougal was formerly Miss Katie Meyer of this city, and was married to Archie McDougal when in her teens. They went to Marinette to live and according to all reports numerous quarrels took place. The testimony showed that after a quarrel McDougal left, but on returning a few moments later she shot him dead. The trial was one of the most noted in Marinette for years. The jury returned a verdict of manslaughter in the fourth degree. The maximum penalty, two years, was given her. Her time expired in 1893.

Living With Broken Neck

Madison, Wis., Aug. 16.—The life of Rudolph Neubauer of 658 West Wilson street is being sustained under circumstances which makes its preservation little short of miraculous. Saturday afternoon as Neubauer, who is a teamster, by occupation, was driving in a stove quarry west of the city, he accidentally fell from his wagon and landed heavily on his head. After a few convulsions he lay unconscious and his fellow laborers, greatly startled by the fear that his neck was broken, sent for Dr. L. R. Head, who declared that his neck was dislocated. He has been transferred by Dr. Head to Dr. F. A. Lyman, the county physician, who will take care of him for about a week until his case develops and the nature of the treatment which will afterward be advisable has been made clear. Neubauer is 48 years old.

Woman Burned to Death

Boyd, Wis., Aug. 16.—Miss Josephine Wallenstein, housekeeper for the Rev. Father Naw, yesterday in some way set her dress on fire. Being alone she ran frantically from room to room, setting fire to several articles of furniture and finally ran out doors attracting the attention of neighbors by her screams. She was burned from head to foot and died after two hours and a half of agony.

Wisconsin Volunteer Insane

Racine, Wis., Aug. 16.—Richard Nelson, one of the members of Co. F, who was at Florida and who nearly died with fever and was brought home on a cot, has become mentally deranged and his parents will apply for the appointment of physicians to examine into his mental condition.

Insane Man Killed by a Train

Manitowish, Wis., Aug. 16.—An insane patient named Schultz, wandered away from the asylum yesterday and while walking on the railroad track was run over and killed by a passenger train. He was about 60 years old.

Put Over Until Aug. 24.

Waupun, Wis., Aug. 16.—The preliminary examination of Connors, Mannigan, McArthur and O'Grady, the alleged Wisconsin Central train robbers, which was set for yesterday, was continued upon application of the prosecution until August 24. The defendants were in court with their attorneys and fought hard for an immediate hearing. The state claimed to have been unsuccessful in getting certain witnesses.

Fireman Terribly Scalded

Oconto Falls, Wis., Aug. 16.—Paul Jelinski, fireman at the plant of the Falls Manufacturing company, while engaged in cleaning out the boiler, supposed he had succeeded in drawing out all the water, but in forcing the cover off the machine the boiling water rushed out and completely enveloped him. Most of the skin and portions of cooked flesh came off. At present he is suffering greatly, and is in a critical condition.

Attacked By A Ram.

Elkhart Lake, Wis., Aug. 16.—Mrs. M. Spert was attacked by a vicious ram yesterday and almost killed.

Burglars At New Lisbon.

New Lisbon, Wis., Aug. 16.—Thieves entered the store of Hall and Hall last night and carried off a lot of goods.

Wisconsin Pensions Granted.

Washington, D. C., Aug. 16.—Original—Tiokey C. Myers, Eau Claire, \$8. Increase—Joseph Briggs, Beloit, \$24 to \$50.

Full Ticket Against Goebel.

Lexington, Ky., Aug. 16.—The anti-Goebel democratic convention here today, will nominate a full state ticket. This was determined upon at a conference of the leaders yesterday afternoon. Former Gov. John Brown will be named for governor and Major P. P. Johnston for lieutenant-governor.

Third Elects New Officers.

Springfield, Ill., Aug. 16.—Major R. J. Shand of Rockford was last night elected lieutenant colonel of the Third regiment, over Major Joseph Caughey of Elgin and Col. Walter Frazier of Aurora. Major Shand succeeds Col. Jackson, resigned.

DEATH LIST STILL GROWS.

Details from Interior of Porto Rico Make Disaster Graver.

San Juan, Porto Rico, via Hayti, Aug. 16.—Communication with the distressed districts is still only partly open.

Arecibo was devastated by the hurricane and later was flooded by the Arecibo and Manati rivers. Two hundred bodies have already been recovered and hundreds more are missing. It is thought they were swept into the sea. The town is now rapidly filling up with starving persons from the country. Only four soldiers were drowned, but all are without shelter. Forty persons were rescued from floating wreckage. A thousand head of cattle were lost there.

At Naranzito twenty persons are known to have been killed. A thousand are homeless and starving. Moravia is totally destroyed.

At Ciales twenty persons were killed. Many are missing at Barcelonita. Seven residents were killed. At Cayey the death roll is at least ninety.

It is impossible to estimate the loss of life and property in the country districts. Every river is still swollen and passage is well-nigh impossible. The crops are totally destroyed. Children are dying by hundreds from starvation and exposure.

SELLS OUT OF THE RACE

Iowa Democratic Nominee Withdraws His Name—White May Receive Gubernatorial Nomination.

Des Moines, Aug. 16.—[Special]—Cato Sells has just withdrawn his name as a candidate before the democratic state convention now in session, for the governorship. Fred E. White, the candidate of 1897, may be nominated.

May Bring Iowa Troops Home.

Des Moines, Iowa, Aug. 16.—At a conference of representatives of the eleven Iowa towns which sent companies with the Fifty-first regiment to the Philippines it was decided to adopt the recommendation of Gov. Shaw that the signature of every candidate for the legislature and senate be secured to an agreement to vote to reimburse him for the \$40,000 necessary expense in bringing the members of the regiment home from San Francisco, where they will be mustered out, he agreeing, in case there is practically a unanimous agreement among the members of the next general assembly to vote for a bill to reimburse him, to incur the expenditure.

Inquiries for American Iron.

Washington, Aug. 16.—Consul Brittain writes from Nantes, France, of numerous inquiries made at the consulate for the names of leading manufacturers of machinery in the United States. Great Britain has controlled this market heretofore by reason of her nearness to the purchasing centers. The recent augmentation in prices and the scarcity of a visible supply of structural iron in that part of France led the consul to believe that this an opportune time for our manufacturers to invade the market.

Iowa to Aid Sufferers.

Des Moines, Iowa, Aug. 16.—Gov. Shaw issued an address to the editors of the state, asking them to appeal to the people to contribute to a fund for the relief of the Porto Ricans. The state treasurer is made custodian of the fund. This state received no appeal from the war department and no formal proclamation has been made.

New Government for Samoa.

Berlin, Aug. 16.—The Kolnische Zeitung publishes what is described as the substance of the report of the Samoan commission. According to this abstract the future government of the Samoan islands is to consist of a governor and a council of three members to be elected by the three powers, Germany, the United States and Great Britain.

Big Four Men Ask More Pay.

Indianapolis, Ind., Aug. 16.—The engineers employed on the Big Four railway system Tuesday made a demand for an increase in wages. The men employed in the other departments of the road, it is announced, will make the same demand. The men cite that their wages were reduced during the last panic, and that now that prosperity has come again, they ought to be permitted to share in it. The reduction took place in 1893.

Want No Annexation.

Havana, Aug. 16.—A telegram from Santa Clara announces a tremendous agitation in protest against the telegram published in a New York paper Aug. 12, to the effect that the majority of the Cubans are in favor of annexation. All the stores and commercial houses in Santa Clara closed for a demonstration to the contrary.

India Threatened by Famine.

Bombay, Aug. 16.—Disastrous famine in western India, it is now known, cannot be averted. Two weeks ago it was certain that unless rain fell by this time the crops must be destroyed by the heat. The fortnight has gone, the monsoon has brought no rain, and the population is face to face with the prospect of starvation.

FILIPINOS MEET SEVERE DEFEAT

Sustain a Heavy Loss Before Angeles.

INSURGENTS DRIVEN AWAY IN DISORDER.

Ten Companies of the Twelfth Infantry, with Two Cannons, Attack 2,500 of the Enemy, Who Were Intrenched Near the Town—A Fierce Fight Follows, in Which the Rebels Were Worst—The Americans Now Occupy and Are Holding the Place—Our Loss Was Two Killed and Twelve Wounded, While the Opposing Forces Lost Two Hundred.—Otis Confirms Report.

Manila, Aug. 16.—[Special]—The Filipinos sustained a severe defeat before Angeles today.

Ten companies of the Twelfth Infantry, with two cannons, attacked 2,500 insurgents, who were intrenched near the town.

A fierce fight followed, in which the Filipinos were worsted and driven away in disorder.

Their loss is 200 while the American loss was two killed and twelve wounded. The Twelfth occupied Angeles and is holding the town.

Gen. Otis Confirms Report

Washington, Aug. 16.—[Special]—Gen. Otis cabled a confirmation this morning of the taking of Angeles by the American troops.

Washington, Aug. 16.—Formal orders for the enlistment of five additional volunteer regiments will be issued in a few days. This will make eighteen regiments of volunteers in all, aggregating 23,562 men, leaving 11,438 men, or about eight additional regiments, available under the law. The regiments will probably have their headquarters at Fort Sheridan, Fort Logan, Camp Meade, Fort Thomas and at Plattsburg barracks. There will be no marked change in the mode of making enlistments.

Although the records of the adjutant-general's office show a surplus of several hundred men for the ten new regiments, officers of the army say the number of discharges which are being made daily exceed the enlistments.

Gen. Corbin estimates from reports recently received from Gen. Otis that about 1,500 men will be required to fill the three volunteer regiments in the Philippines.

It is known positively that Secretary Root has prepared a list of available officers for the five new regiments, and that this list is being considered by President McKinley at Lake Champlain. It is understood that three colonels have practically been decided upon.

The disposition of the five regiments is not announced at the war department, but it is the impression that they will be used to maintain a maximum strength service in the Philippines of 50,000 and be ready for any emergency.

Army officers say that not a single man will be sent to Cuba in the future to replace troops that will be withdrawn, as it is the intention of this government to establish a system of civil government there.

Trouble in Cebu and Negros.

Manila, Aug. 12, via Hongkong, Aug. 16.—Arrivals and mail advices from Negros and Cebu agree that the insurrection is gaining strength remarkably in both those islands, which had hitherto been counted on as the most friendly in the archipelago. Outbreaks are feared, particularly in Cebu, where some of the leading men have gone over to the insurrection.

Street Car Men Fire at Mob.

Cleveland, Ohio, Aug. 16.—While 150 strike sympathizers were marching along Pearl street Tuesday night to attend a mass meeting in south Brooklyn, a motorman on the Big Consolidated attempted to run his car through the procession. Cries of "scab" and other epithets were applied to him and missiles were thrown. As the car passed the crowd the conductor fired several shots. One man had his neck grazed by a bullet, while another received a slight wound in the leg. Neither was badly hurt. The car which followed was stoned and the crew fired several shots into the mob, but no one was hurt.

Zionists Appeal to Turkey.

Basle, Switzerland, Aug. 16.—The third congress of Zionists assembled Tuesday with 300 delegates present, including a number of Americans and English. In his inaugural address Dr. Herzl, who presided, declared that one of the primary objects of the movement was to acquire a charter from the Turkish government authorizing settlements in Palestine.

Killed in War.

A German army officer estimates that in the century just closing no less than 30,000,000 men have been killed in war in civilized countries.

MILWAUKEE LIKELY TO GET L. A. W. MEET

LARGE WISCONSIN DELEGATION NOW AT BOSTON.

All the Members of the Executive Committee Are in Favor of the Cream City—Chief Consul Van Valkenburg is Sure He Can Land the Prize.

Janesville people will be pleased to know that present indications are that the Milwaukee delegation at the national L. A. W. meet at Boston will be successful in securing the 1900 meet for that city. The Sentinel of this morning says:

"The boomers have received promise that they will be assisted in their work by the representatives of several states. Chief Consul F. P. Van Valkenburg of the Wisconsin division, L. A. W., who is at the head of the delegation, last evening sent the following dispatch to The Sentinel:

"Milwaukee's chances for the 1900 meet are very bright. At a meeting of the executive committee of the L. A. W. this afternoon, assurances were given that all members favoring Milwaukee as the city for the next meet and unless some very formidable rival makes a hit before Friday, the meet will surely come to us. Boston evening papers say that the meet will go to Milwaukee without fail. The party from Milwaukee will be entertained at Blatz Palm Garden for luncheon Thursday."

"The boomers from this city number twenty five, including Chief Consul F. P. Van Valkenburg and Secretary Treasurer F. G. Cramer. The two officials have arranged with the Boston meet promoters to have a 'Milwaukee Day' Friday afternoon at one of the seashore resorts. Here the Milwaukeeans will also do some work as it is expected that representatives from all the states will be present, including the men who will be the delegates to the assembly at Jacksonville next February."

Milwaukee Boomers Arrive

The Sentinel's Boston correspondent in a dispatch dated yesterday says:

"To-day's trains brought large additions to the number of wheelmen who are gathered to attend the twentieth annual meeting of the League of American Wheelmen. At 9 o'clock this morning all day run along the south shore to Nantasket was started. Fully 1,800 riders were in the party. Another run, in which 200 riders joined, was through the park system to the Arnold Arboretum. Noremberg park and the New tons."

"The races at Waltham were the chief attraction for the visiting wheelmen this afternoon, and no special entertainment was provided for them in the city outside of various clubhouses."

"Among today's arrivals was a delegation of a dozen or more from Milwaukee who are prepared to boom that city as the place of meeting for 1900."

"The first races in connection with the meet will be held at Charles River park tomorrow afternoon."

"At a meeting of the National executive committee of the L. A. W., T. J. Keenan read a cablegram from Kendall Burnett, chairman of the Cyclist Touring club of England, saying that it had not been arranged that any member of the L. A. W. going abroad will be entitled to the same special privileges which they themselves enjoy. These privileges consist of reduced rates at hotels, freedom from bicycle tax, which it is customary to levy on wheels passing the boundary lines of the various countries, and a number of such special considerations."

Porter.
Porter, Aug. 16.—Mrs. William Boes, of Emerald Grove, is spending a couple of weeks with her son, Frank. Messrs. Thurston and Ellerton, of Fulton, are painting the Eagle creamery. Mr. and Mrs. Forest Fessenden are happy over the arrival of a son. All doing well. Some of the tobacco in the northern part of the town was cut by hail storm on Friday afternoon. In the central and southern part no hail fell. Charles Fitch of Emerald Grove, was a caller here Saturday evening. A number of farmers in this locality are busy harvesting tobacco. The crop is a fine one.

Mrs. Pinkham's Advice Saved Mrs. Hayes From an Operation.

[LETTER TO MRS. PINKHAM NO. 64,283]

"DEAR MRS. PINKHAM—Words cannot express my thanks to you for your kind advice to me in regard to my health. I had been running down in health for about seven years. I had doctored with good doctors and taken a great many patent medicines. My trouble began when my first child was born. I had a very hard time and after its birth would have severe flooding spells. "After my second child I had very good health until last winter when I again became pregnant and suffered very much and miscarried. I came very near dying, and the doctor said I must have an operation, which frightened me very much, and concluded to write to you for your advice, and take your medicine. Was troubled with the whites, great pain in back and hips, sometimes when lying down or sitting was unable to get up. Would have such pain in groins could hardly walk. "I can say I have never seen anything so wonderful as Lydia E. Pinkham's Vegetable Compound and Sanative Wash. Your remedies have done wonders for me. Hoping that many of my suffering sisters may be led to take your medicine from reading this letter, I remain, sincerely yours, MRS. MARY HAYES, HAWTHORNE, KY."

A SUCCESSFUL PHARMACIST

Compliments For E. W. Griswold From the Wisconsin Druggists' Exchange.

Under the heading "Our Successful Pharmacists," the Wisconsin Druggists' Exchange pays the following compliment to Edward W. Griswold, a former well known Janesville boy:

It seems appropriate that this issue containing the minutes of the Janesville meeting should have the sketch of one who was and (who is) a Janesville boy. E. W. Griswold was born in Janesville in 1864; served his apprenticeship with E. B. Heilmann. He attended the first examination held by the Wisconsin Board of Pharmacy and was one of the two successful candidates in March, 1892. Was with Mr. Heilmann seven years, then entered the employ of G. D. Marlott, and afterward with the Robinson Drug Co. of Racine. From there he went to Neenah, as manager for Wilde & Gleason for over four years. Returning to Racine, he purchased Mr. Davis' interest in the firm of Davis & Silber, and two years later he purchased the entire concern. The store (City Drug Store) which is one of the first drug stores in Racine, under his supervision ranks with any in the state and his trade is still increasing.

Socially, Ed. was always a favorite, and wherever he clerked he brought the best trade of that section. Years ago he joined a bachelors' club, swearing eternal celibacy, but when at Neenah he met his fate in Miss Jessie Scott of that city, and was married in 1898. Mr. Griswold is a sample of what an energetic young man can do, as he has a reputation as a business man, as well as a pharmacist, second to none and is one of the boys that Janesville takes pride in.

The Dells of the Wisconsin.

The Chicago, Milwaukee & St. Paul R'y have arranged for cheap excursions to Kilbourne to enable every one to see the wonders of the Dells. The excursion tickets cover the steamboat ride on the river. A special train will leave Janesville at 8 a. m., Wednesday, August 23 and returning will leave Kilbourne at 6:30 p. m. Take advantage of this opportunity for an enjoyable trip. Rate \$2.

VISIT CLINTON BRETHREN

Local Woodmen Pay a Fraternal Visit At Junction Village.

A party of fourteen, including the officers and Foresters' team of Florence Camp No. 366, Modern Woodmen of America, paid a fraternal visit to the camp at Clinton last evening.

The visitors assisted in the initiation of three candidates into the mysteries of the order, making the one hundredth member. Visitors were present from Shopiere, Darien, Harvard, Beloit and Janesville. The visitors were treated to a repast that was "well, it was simply immense," as one of the Janesville delegation said.

Toasts were responded to by A. N. Gleason, general agent of the Chicago & Northwestern road; Charles Bolding, Charles W. Brooks, Sherman M. Fisher, Dr. George H. Webster and others. George Rathjen sang a solo and was compelled to respond to an encore. The Foresters' team also sang.

Votes of thanks were exchanged. The evening was one of rare enjoyment to all the visitors. The local delegation arrived home at 12:45 this morning.

Value of real estate.....		105,985.00
Value of personal property.....		1,177,701.00
Value of all personal property.....		1,177,701.00
Number of acres of land and value thereof.....	2,128	220,005.00
Aggregate value of city and village lots.....		3,038,670.00
Total value of real estate.....		3,359,275.00
Total.....		\$4,536,976.00

The city assessors report that eighty eight bicycles in the city are assessed, the total value being \$735. The high valuation placed on a wheel is \$15 and the lowest \$5. The report shows that there are no mules or asses in the city; that there are 217 pianos, organs and meiodons and 252 watches.

The total assessed valuation of the city is \$4,536,976. The average tax is \$20.42 on each \$1,000, while last year it was \$17.37, the difference being accounted for by many needed and substantial improvements.

HENRY K. DILLENBECK WEDS

Former Janesville Boy Marries a Baraboo Girl—Visiting Here.

The Baraboo Republic in its issue of last evening, has the following account of the marriage of Henry K. Dillenbeck, a former well known Janesville boy:

"At 3 o'clock this afternoon occurred the marriage of Miss Emily J. Henderson to Henry K. Dillenbeck, of Sharon, N. D. The ceremony was performed by Rev. Cowdrey, in the presence of only the near relatives and a few invited friends at the home of the bride's parents, Mr. and Mrs. Robert Henderson. The rooms were beautifully decorated, in harmony with the occasion. The bride was becomingly attired in a blue traveling suit. At the conclusion of the ceremony and congratulations a light repast was served, after which Mr. and Mrs. Dillenbeck departed on the 4:30 train for Janesville, to spend a few days with the parents of the groom. From there they go to their home in Sharon, North Dakota, where Mr. Dillenbeck is a prosperous grain dealer. The happy couple were accompanied to the train by a large number of friends, who wished them not only a safe journey to their new home, but a prosperous and happy voyage through life."

"The bride was born in England, but has spent nearly all her life in Baraboo, where she has a host of friends. She has been a member of the Eastern Star for a number of years and will be greatly missed in the meetings and entertainments of the chapter. The groom was a former Janesville boy and went to North Dakota about four years ago to engage in the grain business."

Mr. Dillenbeck is a son of Mr. and Mrs. Ezra Dillenbeck of 126 Milton avenue. The nuptial knot was tied yesterday afternoon at Baraboo. The bride and groom arrived in Janesville last evening to enjoy a portion of their honeymoon at the groom's parental home. The newly elected benedict has many friends in the Bowler City who join in wishing he and his chosen companion a happy and prosperous journey through life.

MCKINLEY MAKES A SPEECH.

President Talks Before the Catholic Summer School at Cliff Haven.

Plattsburg, N. Y., Aug. 16.—President McKinley made an address before the Catholic Summer School of America at Cliff Haven on Lake Champlain Tuesday. He said in part:

"Whatever the government of the United States has been able to accomplish since I last met you here has been because the hearts of the people have been with the government of the United States. Our patriotism is neither sectional nor sectarian. We may differ in our political and religious beliefs, but we are united for country. Loyalty to the government is our national creed. We follow, all of us, one flag. It symbolizes our purposes and our aspirations; it represents what we believe and what we mean to maintain, and wherever it floats it is the flag of the free, the hope of the oppressed and wherever it is assailed at any sacrifice it will be carried to a triumphant peace. Re bellion may delay, but it can never defeat its blessed mission of liberty and humanity."

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. Says He Will Shoot Pingree.

Detroit, Mich., Aug. 16.—Gov. Pingree is threatened with assassination. The would-be assassin is M. Siddons of Harrison, N. Y., who has been corresponding with the executive officer for some time regarding a claim he alleges to have. Tuesday Chief of Police Sanford received a letter from Siddons in which he says "Pingree's administration is rotten," and that if he does not take hold of the case Siddons will come to Michigan and put a bullet through the governor.

Have Confidence in Mexican Government.
Nogales, Ariz., Aug. 16.—The miners are beginning to gain confidence in the ability of the Mexican government to hold the Yaquis on the reservation. Marshal P. New Blood Disease.

Hermology, a comparatively new medical term, is a knowledge of blood and disease as evinced by the changes observed in blood. The St. Louis Medical and Surgical Journal says this has already made such advances that many diseases may be recognized by examination of the blood. From a mere observation of the relative number of leucocytes (white blood corpuscles) and erythrocytes (red blood corpuscles) it has advanced to elaborate analysis of other elements of the blood and the recognition of bodies foreign to normal blood. This 'ology promises to be of especial value to mankind in giving early warning of disease otherwise not manifest, and showing the advance or decline of abnormal conditions.

Value of Bank Clearing Statistics.

It is well known that the bank clearings of certain cities are "padding." At Seattle, for example, the balances are not discharged in cash day by day, as at Portland, but by checks, which are carried into next day's statement. In this way the totals are swollen 25 to 50 per cent daily. Again, in Portland, the "inter-clearings" are a big, silent proportion of the clearing totals. Large settlements are daily made here, more than in other cities of the northwest, by transferring credits from one account to another in the same bank, so that they are not counted in the clearing-house statements.—Portland Oregonian.

An Army on Paper.

Lord Charles Beresford in citing illustrations of the causes which have contributed to the decadence of China tells of a Chinese general who is supposed to have 10,000 soldiers under his command, but who keeps only 800 in service. On inspection day thousands of coolies are hired at eleven cents, so that full lists may be returned to Peking and a year's pay obtained for the larger number.

Story is the Same as From Other Sources.

Lots of Money Spent But No Returns Have Been Received.

The people in Janesville willingly add their evidence to that which has already been given in favor of Morrow's Kid-ne-oids, the best remedy that has ever been sold in this city for backache, kidney and urinary disorders, sleeplessness and nervousness. Our druggists report wonderful cures and state that Kid-ne-oids are daily increasing in the opinion of our people. Kid-ne-oids act directly upon the kidneys and nerves and restore them to their natural condition. Good kidneys make good blood, good blood makes strong nerves. Kid-ne-oids make good kidneys and strong nerves. Mr. C. B. Conrad, wholesale dealer in leaf tobacco, 30 South Main street, says: "For some time past, as a result of disordered kidneys and uric acid poisoning, I suffered from pain across the small of my back, rheumatism and spells of nervousness. Morrow's Kid-ne-oids soon cured the backache and rheumatism and quieted and strengthened my nerves. I will advise all who suffer from kidney complaint to use Kid-ne-oids." Morrow's Kid-ne-oids are not pills, but yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co. Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

PLINY NORCROSS IS AGAIN PRESIDENT

PLEASANT GATHERING OF VETERANS AT COURT HOUSE.

Annual Reunion of the Thirtieth Wisconsin Infantry Held Today—Ninety-Eight Survivors Present From Various Parts of the State—The Election of Officers.

The annual reunion of the Thirtieth Wisconsin Infantry was held today at the court house and was attended by just ninety-eight survivors of the regiment from various parts of the state, the W. H. Sargent Post and the Woman's Relief Corps of this city.

The morning was spent in hand shaking and visiting and a general talking over of the stirring times of the days long gone by. The green slopes of the lawn in the rear of the court house was dotted with the "boys in blue" and their families, many of whom had possibly met for the last time. The number in attendance at the reunions grows less and less each year and it is indeed sad to contemplate that the good old Thirtieth regiment, which so nobly assisted in upholding the honor of our nation, must within a few years become but a memory, cherished by those they leave behind.

At noon the members of the regiment grouped on the wide steps of the court house and were photographed, after which all present partook of a bounteous repast served by the Woman's Relief Corps in the tents pitched for the occasion.

Business Meeting Held.
At 2 o'clock the business meeting was called to order in the large court room on the third floor of the building. Letters of regret from some of those who were unable to attend were read, after which Col. E. O. Kimberly, "Wisconsin's Soldier-Singer" delighted the "boys" with several well rendered songs.

The election of officers for the ensuing year then took place. Captain Pliny Norcross was re-elected president and W. P. Clarke of Milton, was re-elected secretary and treasurer. The election of both gentlemen was made so unanimous that the proceedings are said to have been distinctly heard at the depot.

Judge Lyons of Racine, then made an address which was listened to with intense interest by all. He said that he hardly knew what to say. Not that he couldn't think of anything, but he had so many things to say that it was merely a matter of selection. He always attends the reunions unless he is physically disabled and said that there is no feeling so deep as that which soldiers in the field hold for one another, and nothing gives him greater pleasure than to be able to address them.

The list of members who have died since the last gathering was announced as follows: Chaplain, J. I. Footo, B. D. Rockwell, Wilson Brown, B. F. Maxson, H. Porter, Frank Warner.

COUNTY SUNDAY SCHOOL MEET

Convention at Beloit Tuesday and Wednesday, Sept. 19 and 20

The annual convention of the Rock County Sunday School association will be held at Beloit Tuesday and Wednesday, September 19 and 20. Every minister in the county is requested to be there. Do not say you have no place on the program if you do not find your name printed thereon. Read between the lines and see if you cannot see a place for it, and then take a lively part in the discussions.

Superintendent, if you have an interest in your school, and we believe you do, offer a feasible excuse, if you can, and neglect to come. But please do not fail to send your excuse in writing, so it can be read before the convention.

Teachers and all others interested in the convention is for you and by you. If you do not look after that which is your own whom do you think will attend to it for you? What excuse can you make to the class if you fail to attend the convention?

Come in the beginning. All can reach Beloit by 10:30 Tuesday, the 19th of next month and stay until the benediction Wednesday evening.

BELOIT LABOR UNIONS COME

They Will Participate in the Labor Day Parade Sept. 4.

A strong effort has been made on the part of the Trades Council of this city to have the labor unions of Beloit participate with them in the labor day parade here September 4. Their efforts have not been in vain, for last evening a telegram was received to the effect that they would come.

The delegation from the Lino City will consist of molders, machinists and printers' unions. They will be accompanied by the Beloit City band. It is expected that the visitors will number at least five hundred from the sister city, and that a large number of sympathizers will be present from other nearby towns.

Arrangements for the observance of the day are practically completed. Both steamers have been chartered and will ply the river at frequent intervals, conveying the crowds to and from Crystal Springs park, where the picnic is to be held. The Imperial band will discourse music and Mayor Richardson and others will speak. The president and marshal of the day will be William Mason and George G. Paris respectively. The railroads will give reduced rates, which assures many visitors.

The corn exchange square was the center of attraction again last evening and in spite of the chilly atmosphere there was a large crowd present to listen to the discourse of music by the Imperial band.

MENU FOR THURSDAY.

Be not sorry that men do not know you but be sorry that you are ignorant of men.—Confucius.

BREAKFAST.

Fruit, Wheatflour, Mincee Beef on Toast, Fried Potatoes, Toasted Rolls, Marmalade, Coffee.

LUNCHEON.

SPICED CHERRIES.—Make a syrup, allowing one pound of sugar to one of cherries and to every three pounds of sugar a scant pint of vinegar. Allow one ounce each of ground cinnamon, cloves, mace, and allspice to a peck of cherries. If the cherries are not stoned, prick each one of them, and the spice to the fruit and pour, boiling, then strain them out and boil down the syrup till it is quite thick and pour over the cherries in the jar in which they are to be kept. Cover closely.

LOCAL GOODS ARE POPULAR IN EUROPE

PARKER PEN COMPANY RECEIVES BERLIN ORDER.

Seventy-Five Dozen Fountain Pens Had Scarcely Been Shipped When a Cablegram Was Received Directing Them to Duplicate the Same—Order Received From China.

That the goods manufactured by the Parker Pen company of this city, are becoming as popular in Europe as they are in this country is evidenced by the way the foreign orders are coming in. Their agent in Berlin, Germany, recently sent in an order for seventy-five dozen fountain pens and it had scarcely been completed when a cablegram was received directing them to duplicate the same, making one hundred and fifty dozen in all for the German capital.

The firm is now working on an order for several dozen pens from Shanghai, China, and a request for a price list was received today from a leading firm of Buenos Ayres, Argentine Republic which would indicate that the fame of the local product is world wide.

WEATHER AND CROP BULLETIN

Corn Makes Rapid Growth—Early Tobacco Plantings Promising.

The average temperature for the week ranged from 74° over the southwestern counties, to 6° along Lake Superior. The temperature was highest on the 10th and 11th, being generally 80° or above throughout the state. The week ended with decidedly cool weather but no frosts are reported.

The week was characterized by several local thunderstorms throughout the state, especially on Thursday and Friday. These storms were accompanied by high winds, heavy rain, and in some localities hail, which did great damage to late grain and corn. The rainfall was heaviest in the northern section, averaging about two inches, and lightest in the southwestern counties. Generally there is sufficient moisture for present needs.

The week was favorable for corn, the warm weather and frequent showers causing it to make rapid progress. It is coming out well in the southern section and in a very satisfactory condition in other portions of the state. From four to five weeks of good weather will be required to mature the crop and place it beyond danger of frost.

Very little grain remains to be cut, the greater portion being now ready for threshing. Some threshing has been done and oats in some sections are reported to be falling short of expected yield.

The rains during the week have greatly benefited potatoes, but in some sections the dry weather and blight have caused the crop to deteriorate to some extent.

The showers during the week have benefited late tobacco plantings, which have shown a tendency to spindly. Early plantings are in a very promising condition.

SILK Spun by Shellfish.

A shellfish known as the planina, in the Mediterranean, has the curious power of spinning a viscid silk, which is made in Italy into a regular fabric. The silk is spun by the shellfish, in the first place, for the purpose of attaching itself to the rocks. It is able to guide the delicate filaments to the proper place and then glue them fast, and if they are cut away it can reproduce them. The material, when washed in soap and water, dried and straightened, one pound of the coarse filament yielding three ounces of the fine thread, which, when spun, is of a lovely burnished golden-brown color.

Many Products from One Plant.

The carnauba palm is one of the most valuable trees in Brazil. From its roots is extracted a medicine. Its stems afford strong, light fibers, which acquire a beautiful luster, and serve also for joists, rafters and other building materials as well as for stakes for fences. From part of the tree wines and vinegar are made. It yields a kind of sugar as well as a starch resembling sago.

Phthisis in Germany.

Germany, with an approximate population of 52,799,901, has at present over 1,300,000 sufferers from phthisis, and, according to Prof. Leyden's estimates, 170,000 die annually of the disease. The United States has in fifteen years lost more than 2,000,000 by tuberculous diseases, and from statistics it now appears that in America and Europe one person in seven or eight dies of tuberculous.

Bashful Mr. Allen.

From the Saturday Evening Post: Mr. James Lane Allen, whose "Choir Invisible" has passed the 200,000 mark, lives in New York most of the year. His home is one of the old-fashioned brown-stone front mansions above Forty-second street, which was in the center of Gotham's "Four Hundred" a decade ago. Mr. Allen is a tall, spectacled man, retiring to a degree, and carries his avoidance of personal publicity to the point of eccentricity.

Reindeer Meat.

Reindeer meat as an ordinary and inexpensive feature of the menu in Europe is about to become an accomplished fact. Some enterprising Norwegians have undertaken, under very favorable circumstances, to raise the animals in large numbers for slaughter purposes. They expect to find profitable markets in France and Belgium, and will even endeavor to induce the beef-eating Britons to purchase it.

JOINS THE GREAT MAJORITY.

Mrs. Caroline Allen

Mrs. Caroline Allen passed peacefully away at the home of her son in the town of Harmony last Friday night at 11:30 o'clock. She had reached the ripe old age of eighty-seven years, but had been an invalid for a number of years. She was one of the early settlers of Rock county. She leaves to mourn her death, two sons, Abel of the town of Harmony, and Henry of Ado, Minnesota, and a daughter, Mrs. Tallman of La Grange, Ill.

The funeral services were held Monday afternoon at 2 o'clock and were conducted by Rev. McLellan of Milton. Mrs. Allen's husband served in the war of 1812. His widow drew a pension for that event, and at the time of her death was only one of three in the United States drawing a pension on account of this war.

Mrs. Wm. Normington.

Charles E. Jenkins of this city, is in receipt of the sad news of the death of his mother-in-law, Mrs. William Normington, which occurred at her home in Durand, Ill. Tuesday morning at 5 o'clock. Mrs. Normington was seventy years of age and leaves a husband, three sons and five daughters to mourn her death.

Mrs. Jenkins was at her mother's bedside when she died and will remain until after the funeral, the date of which will be announced later.

Mrs. George Healy.

Mrs. George Healy, sister of Dr. J. W. St. John, of this city, died at her home near Fresno, California, last Wednesday. She had been failing for a long time and her death was therefore not so great a surprise. Before her marriage Mrs. Healy was Miss Eliza St. John. Her son, Dr. Levi Healey has spent considerable time in this city during the last few years.

Race Meeting at Dubuque.

During the week commencing August 27, there will be held at Dubuque one of the best race meetings ever held in the west. There will be \$105,000 offered in prizes, and an unusually good list of horses has been entered. The track is in fine condition, and excellent sport is promised.

On three nights of the week a boxing tournament will be held in which some of the noted pugilists of the country will take part, two bouts each night of twenty rounds each have been arranged for. The Chicago, Milwaukee & N. St. Paul railway will make a rate of one fare for the round trip for the occasion. Call on the ticket agent for rates and dates.

Golf Leggings.

The newest thing in bicycle or golf leggings for both men and women is in the form of a ribbon bandage, wound about the leg in the same manner as a bandage in the case of an injury. It is made of very thin, but tough, material, about two inches wide and four yards long. At the top there is a narrow leather strap, with buckle, to be fastened snugly about the leg, just below the knee. It is said of these bandage leggings that they fit more closely and look neater than any other kind, while they yield to every motion of the muscles.

GUERIN PREPARES TO REPEL ASSAULT

DESPITE ALL THE ADVICE TO SURRENDER.

President of the Anti-Semitic League Bids His Mother a Dramatic Farewell in View of the Crowd—Excitement Has Reduced Besieged to a State of Madmen.

Paris, Aug. 16.—[Special]—M. Guerin, president of the anti-semitic league, and his associates, despite all the advice to surrender and not aggravate their offense, is preparing to hold his barricaded house and repel an assault.

This morning Guerin bid his mother a dramatic farewell in view of a large crowd in the street. The excitement has reduced the besieged to a state of madmen.

It is stated that the police decided not to disturb Guerin on the ground that he is now practically imprisoned.

MANY AT AFTON CLAM BAKE

Given Yesterday by the Business Men of Beloit.

Among those from this city who attended the clam bake given by the business men of Beloit at Afton, yesterday, were the following:

Charles B. Conrad, E. J. Smith, George D. Simpson, Edwin W. Putnam, W. A. Jackson, Josiah Arnold, Nute Gage, George M. McKee, P. J. Monat, Fred C. Sellson, John P. Sweeney, H. D. Murdock, C. A. G. Carter.

The local delegation reports a pleasant time, and the affair was a great success. Rockford's leading orchestra was present, and the street piano from here was taken along. In addition to this, there was vocal and other instrumental selections. John Kline of the Line City, prepared the feast, which included clams, clam chowder, sweet corn, salads, sweet potatoes, bread and butter, etc.

The World's Railroads.

The total length of railroad in the world amounted in 1897 to 454,730 miles, and in the five years from 1893 to 1897 the total increase was 34,485 miles, or 8.9 per cent. The same year the total length of railroad in the United States was 134,728 miles, an increase in five years of 3.6 per cent. North and South America and the West India islands are credited with over one-half of the total mileage, or 236,218 miles.

Origin of Pull Mail.

"Pull Mail" (pronounced pel mel) comes from "Paile Maille," an ancient game supposed to have been played on the present site of Pull Mail by Norman monks, by whom it was introduced into England. The observant Pepsy, in his famous Diary, makes mention of it thus: "April 2, 1661. Into St. James' Park, where I saw the duke of York playing at Pelemelle, the first time that ever I saw the sport."—Pull Mail Bulletin.

INTERESTING
BICYCLE
MATTERS...

MATTER

Without wind shields or locomotive pace, Joe Downey, a well known boy aspirant for the honors of succeeding Jimmy Michael as the midgeet middle distance favorite of the track, rode a mile in 1:16 2-5 over a straightaway course in Norwood, Mass. The boy, who is but 16 years of age, was paced by an Orient motor pacing tandem, manned by Callahan and Caldwell. The affair was under C. R. C. sanction and management and the time was done by officially appointed timers. Downey and the pacing machine began moving about an eighth of a mile back of the starting point and when they flashed by the timers their gait was already up to the speed limit. On account of small rises in the ground over which the macadam course ran, the pacers and paced were soon lost to sight, but the regular puffing of the motor on the tandem gave evidence of the continuance of the work. Throughout the entire distance Joe rode gamely and never faltered from his position close behind the vermilion motor tandem. The last half was covered in 38 seconds flat and the last quarter in 17 seconds. Earlier in the afternoon of the same day the boy made an attempt at the same game but was successful only in riding the mile in 1:25. His time of 1:16 2-5 shows truly the meritorious riding and pace following abilities, especially for a boy. It does not, however, quite equal the performance of Melville Dennis, who at Denver, in March, 1896, rode a straightaway mile in 1:11 3-5. Dennis' ride was not officially scored by the C. R. C., as that organization had not at that time begun to sanction mile performance. Those who witnessed and timed it, however, report it to have been a straightforward ride and so, though under the guardianship of the C. R. C., young Downey can hardly claim his to have been a record performance. It is hard to compare such speed tests as the circumstances are always different and the conditions at one attempt radically unlike those at another. To make comparison is a difficult task and the establishment of official records impossible. Dennis had no pace, but he was favored with a gale blowing upon his back, while Downey was without the gale and aided by an Orient motor tandem manned by a thoroughly capable team.

Titus Proves a Victim.

Fred Titus certainly must have needed the money very badly—there was a loser's end, of course—to have consented to offer himself up as a sacrifice in the manner he did at Woodside park, Philadelphia, when, out of condition and "hog fat," he easily fell a victim to Archie McEachren, the Canadian "unpaced king," in an "unlimited" pursuit race whose duration was less than three miles. The 1,200 spectators looked for a run for their money, but they didn't get it, the Canuck gaining ground from the drop of the hat. McEachren, winning the toss, chose to start from the tape, Titus being sent away from the backstretch mark. At the end of the first mile Titus had lost fully seventy-five yards; at the two-mile mark almost double that distance. At this point the Canadian, realizing what a "cinch" he had, put his head down, and after a hard sprint of fully three-quarters of a mile, passed Freddy about seventy-five yards short of three miles. Archie's victory, while hollow, was by no means a discreditable one, as his time, 6:52 3-5, bears witness. The

preliminary events were of a character to whet the appetites of the crowd for a fierce contest in the event of the day, and they fled out of the grounds visibly disappointed after the idol-shattering experience.

European Heat System.

It is a notable fact that nearly all of the great European sprint races furnish each in itself a full day's sport. Instead of running several distinct races, the continental promoter makes a drawing card of some one grand race in which compete from twenty to thirty riders and which comprises some nine or ten heats and a final. For instance, in the recent great prize race of the U. V. F., there were six original qualifying heats. The men were di-

vided among these so that each heat would yield a spirited race. That all of the best riders in the heat might get some financial returns for their day's work, regardless of whether they won anything in the final, fairly substantial prizes were placed on the heats. Then a consolation race eligible to all those who were unplaced in the qualifying heats was run, and the first three men in this, together with the six riders finishing first in their respective qualifying heats, constituted the bunch to ride in the semi-finals. The nine riders were divided into groups of three each, thus making three semi-finals, the first man in each instance qualifying for the final, which thus became a truly exciting race, the large original field having been narrowed down to the three best riders present. The prizes in the final were, of course, much larger than those awarded in the trial heats. With such a system as this, where the winning riders have to rise heat by heat to the throne of honor, public interest is kept much more awake than when the day's racing comprises three or four races in which everyone may ride and in which the finishes are so contradictory to each other that the spectators are much in doubt as to who should be considered favorite.

Stevens Wins at Buffalo.

Before a very slim crowd Orlando Stevens gained the title of half-mile champion by defeating Kimble, Cooper, Kiser and McFarland in the championship race for that distance at the N. C. A. grand circuit meet at Buffalo. Two heats only were run. In the first Mc-

ORLANDO STEVENS.

Farland shut Cooper out for the pace and Kimble hooked onto his rear wheel. On the first bank of the last lap Kimble went by McFarland, who fought hard with Cooper for second position. At the last turn Tom managed to free herself from McFarland and finished next beyond Kimble. However, because of the fact that the heat was the faster of the two qualifying heats, all three of the riders were allowed to take a chance at the final. Stevens easily won the second heat, Kiser defeating Newhouse for second place. The final had Kimble, Stevens, Cooper, Kiser and McFarland lined up in order from the pole. Cooper was first to catch the pacemaker, with Kiser close behind. Kimble was third in line and McFarland and Stevie trailed. At the bell the Californian went forward with a quick jump, Stevens on his rear wheel, Kimble fought the pair down the back stretch, and those three rounded the last turn side by side. Stevens broke away first, with Kimble close behind. Cooper rushed alongside and at the tape was but inches short of having tied for second, Stevens having won first by an open length. The time for the final was :59 4-5.

Walters Wins Three Cornered Match.

A three-cornered 100-kilometer match race was run at Nantes, France, recently, between Bouhours, Fischer, the German, and Walters. Bouhours jumped his competitors at the start, and before they had gotten their high gears moving in good shape was fully 100 meters in the lead. He was overtaken in the tenth lap, however, by the Englishman, who did not wait for him but ran ahead and cut out a pace that allowed him to continually lap the others. He carried off the race with eight laps to spare over Fischer, who compelled the Frenchman to finish third. The time was somewhat slow, the 100-kilometer task being dragged out during 2:14:33 2-5. The 10-kilometer race for pacemakers proved more interesting than the match. It was won by the Pernet team, who rode as in a pursuit race all of the way, lapping the rest of the field at the seventh lap and finishing first by an unusually wide margin in the splendid time of 10:54.

American Cycles in Siam.

Cycling is becoming popular in the little kingdom of Siam, and in the last two years it has developed wonderfully. This is not alone true of Bangkok, but of the surrounding country, and bicycles are encountered now where formerly the elephant was the prime means of transportation. American cycles are popular, but the field has not been as strongly worked by manufacturers in the United States as

it has by German and English competitors. French and Belgian wheels are little known. The demand for bicycles continues to increase daily. If it is borne in mind that Siam has a population of about 8,000,000, that the country is steadily making progress in every respect, that the roads are good, and that the duty imposed on bicycles is but 3 per cent ad valorem, it must be admitted that the market there for American goods can be created and controlled.

Marines to Leave Havana.

Washington, Aug. 16.—Word was received at the navy department today from Commodore Cromwell, commanding the naval station at Havana, saying that a case of yellow fever had appeared among the marines engaged in guarding government property there. The marine battalion at Havana consists of forty men under the command of First Lieut. J. E. Mahoney. Acting Secretary Allen decided as a precautionary measure to order the entire marine battalion away from Havana to a northern point in the United States and to temporarily supply their places as watchmen with native immunes. The battalion will be brought to New York city on the first Ward line steamer leaving Havana and will be put in strict quarantine at that port.

Bishop Hurst Will Preside.

Lafayette, Ind., Aug. 16.—The announcement is made that Bishop Hurst has been selected to preside over the Northwest Indiana Methodist conference, which will convene at Frankfort the first week in September. The conference will be attended by 150 clergymen and a large body of laymen. The contest for representation in the general conference is exciting widespread interest throughout northwestern Indiana, a large element holding that pastors only should be elected delegates.

Foul-Smelling Catarrh.

Catarrh is one of the most obstinate diseases, and hence the most difficult to get rid of.

There is but one way to cure it. The disease is in the blood, and all the sprays, washes and inhaling mixtures in the world can have no permanent effect whatever upon it. Swift's Specific cures Catarrh permanently, for it is the only remedy which can reach the disease and force it from the blood.

Mr. B. P. McAllister, of Harrodsburg, Ky., had Catarrh for years. He writes:

"I could see no improvement whatever, though I was constantly treated with sprays and washes, and different inhaling remedies—in fact, I could feel that each winter I was worse than the year previous. Finally it was brought to my attention that Catarrh was a blood disease, and after thinking over the matter, I saw it was reasonable to expect to be cured by remedies which only reached the surface. I then decided to try S. S. S., and after a few bottles were used, I noticed a perceptible improvement. Continuing the remedy, the disease was cleared out of my system, and a complete cure was the result. I advise all who have this dreadful disease to abandon their local treatment, which has never done them any good, and take S. S. S., a remedy that can reach the disease and cure it."

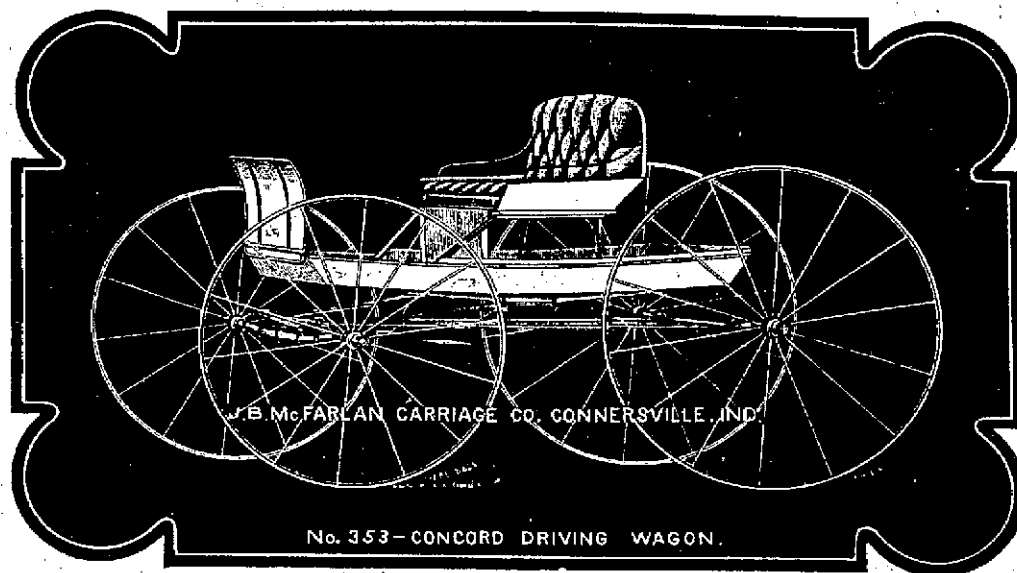

To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specific is a real blood remedy, and cures obstinate, deep-seated diseases, which other remedies have no effect whatever upon. It promptly reaches Catarrh, and never fails to cure even the most aggravated cases.

WINE OF CARDUI

HEALTHY OLD AGE.

LARGE, BENTON CO. ARE, AUG. 4.
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.

MRS. B. B. TOWNSEND.

WINE OF CARDUI

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

Buggy Tastes are Changing

The monotonous style of vehicle of a few years ago does not find place with the up-to-date buyer of today.

The demand for rigs of natty appearance increases each season. This year the swell turnouts combine comfort with style. The open runabout buggy with elliptic springs and rubber tires, or the top buggies with rubber tires, have a tendency to make the person who has no outfit a trifle envious. Handsome Buggies do not cost as much as you think for. Prices are reasonable and the rigs are the best.

WONDERFUL BOOK OFFER

THE WAR WITH SPAIN and in the Philippines having made it self-evident to all Americans that although they are recognized the world over as being the greatest nation of readers and thinkers the world has ever produced they have sadly neglected one of the most important of all the branches of human knowledge—HISTORY. The metropolitan newspapers, recognizing that fact, have placed several histories of more or less merit before the people through their columns. The great trouble has been, though, that the cure has been worse than the disease. All of them are ONE-MAN CONCERNS. A great Chicago Lawyer, commenting on that fact, said: "It takes a very smart man, a very great man, to write a history of his own country, but an angel or a devil could not write a history of the other fellow's country."

Imagine that lonely essayist cuddled in his den in Kalamazoo, say, letting his fancy fly around the earth, stopping now on some mountain peak to gaze wistfully over some vast and trackless plain, now on some chimney top while gazing into the teeming city beneath for facts which were hidden by distance and time, and, for want of a peep into annals, impossible of access, he must fill in with fiction.

History is a debatable land. It lies on the confines of two distinct territories. It is under the jurisdiction of two hostile powers. Instead of being equally governed by reason and imagination, it falls alternately under the sole and absolute dominion of each. It is sometimes fiction. It is sometimes theory. THAT IS THE RULE, and it is because of it that the great historian is rare, and the one-man history is not worth a snap and gives satisfaction to but one man—the historian.

The great historian must possess an imagination sufficiently powerful to make his narrative picturesque; yet he must control it so absolutely as to content himself with the materials which he finds, and refrain from supplying deficiencies with inventions. In addition, he must be a profound and ingenious reasoner, yet he must possess sufficient self-command to abstain from twisting facts into hypotheses. That, the one man with his natural sympathy for one country and its people and his just as natural want of it for another, cannot do.

Knowing that among The Gazette's subscribers there are hundreds who are casting around for the best work attainable of this nature, we have arranged to offer the grandest series of histories the world has ever known. It would have been impossible to offer such an opportunity were it not for the fact that a merry war is in full swing between the independent publisher and the book trust. When this great set of histories was placed on the market the combine commenced to fire the one-man histories on the market through the metropolitan dailies whose influence was depended on to drive this magnificent "NATIONS OF THE WORLD" off the market. But the publisher declares he will give the people \$1,000,000 worth of fun and \$1,000,000 worth of history during the engagement, and this is how he proposes to do it:

This publishing house, being for the last twenty years closer to the people than any other in America, proposes to reach them through the papers which are closest to them. Therefore it offers 100 sets which Gazette subscribers can have at exactly half the regular prices. As that is all that will under any circumstances be offered those desirous of securing a set must be lively about it. 200 sets were disposed of in Danville, Ill., in just 2 days. You can see the full set of books at JOYCE BROS., W. Milwaukee St., or fill out coupon and the representative of the publisher will call at your house and show them.

NOW don't be under the impression that these histories, or any of them are not strictly up-to-date. France is taken up where Guizot left off in 1848 and is brought down to the Dreyfus case by competent writers of today; England, which Green left off at Waterloo, is taken down to Omdurman; the U. S. to the ratification of the treaty with Spain in like manner. Gibbon's Rome is the only history in the lot that is left as originally finished by author for obvious reasons.

NATIONS OF THE WORLD

The histories now ready for delivery are the most celebrated of historians. Green's England is the scholarly work of a scholarly man, and has been perused by hundreds of thousands of English and American readers. Hawthorne's United States was compiled for this series. Prescott and Abbott are "household words." The series contains the following works:
